Please forgive me for remaining mute ... I have been out of the office with conference and meetings and have not carved out time to look through all of your good work.

I am on sick leave today - but promise to review and offer comments as soon as I am able next week after the holiday.

So sorry that I have not been able to be more engaged this week!

Best,

Melissa H.

Good Morning,

Thanks Ben, the wording on that is really 6 one way half a dozen the other.= I was trying to make it so regulations don't have to be changed in case another product is introduced to the market and to match current language in = our statutes and regs. I will certainly do my best to make the hearing in J=une and in August or October. I hope you have a fantastic long weekend!

Josh

Hello,

I made some of your changes. The revision is attached. If you can get the NMMB to say Opioid Antagonist, I will change it. Remember, this presentation at the June NMBOP meeting is only to request this to be noticed for hearing. But if you are available, you can make any suggestions you want then. The actual hearing will be in August or October. It might not be August because this meeting will be in Ruidoso. And people will have a harder time getting to Ruidoso. When the hearing is held, you will know, and I hope you are there.

Thank you, Ben

Subject: RE: Naloxone

Good Afternoon,

Sorry it has taken me some time to get back with you on this, I've been out= of the office due to a family emergency and just got the chance to take a = look at it. A lot of it looks very similar to what I had down and didn't ge= t the chance to send out due my time out of the office. I did make a few mi= nor changes to the naloxone section, I'm not comfortable enough with school= based regulations to make changes on that, primarily I simplified the defi= nition of a CBO licensed facility, and moved the limitations of ownership i= nto the CBO section itself. I also removed the NM board standing order por= tion. To the best of my understanding there is not a standing order needed = for the administration of naloxone as there is a statute and regulation tha= t already provides for that with 24-23-1 NMSA 1978 and NMAC 7.32.7. I also = removed mention of naloxone and replaced it with opioid antagonist, again t= his would allow for another potential antagonist to be used if one became a= vailable and would not force a regulation change. I hope this all makes sen= se and thank you so much for working on this Ben. If there are any question= s please feel free to let me know and I will be more than happy to answer t= hem for you. I hope you have a great day and again I apologize for the dela= y.

Thank you,

Josh

Hello,

Attached are my proposed regulation changes.

It contains more than adding Naloxone.

Please review the Naloxone sections.

Let me know if you have any suggestions, questions or comments.

Thank you, Ben
